

The image features a large, stylized red logo consisting of the letters 'JTC' with a registered trademark symbol (®) to the right. Below the logo, the words 'DRIVE BELTS' are written in a bold, white, sans-serif font. The background is a dark, high-contrast photograph of several black drive belts with a ribbed, V-shaped profile. One belt is in the foreground, curving upwards from the bottom left towards the top right. Other belts are visible in the background, some coiled. The lighting highlights the texture of the belts and the sharp edges of the logo.

### Important Note

Where manufacturer's name and / or numbers are mentioned, they are purely for reference purposes only and not to indicate source of manufacture or any connection in the course of trade with the manufacturer's name.

Every effort has been made to ensure accuracy and compatibility, but there is a responsibility between seller and purchaser to be satisfied that the product is wholly appropriate for the purpose of its intended use when reasonably used. If in any doubt for fitment and maintenance information, please refer to the vehicle manufacturers recommendations.

Property in and title to goods supplied by the seller shall not pass to the purchaser until the price has been paid in full but any risk in respect of such goods shall pass to the purchaser upon the shipment of the goods ex Bike Alert's warehouse.

Reasonable care has been exercised regarding the tabulation of this drive belt selector manual. All details contained in this selector manual are subject to change without notice. No liability will be accepted for any omissions or errors in this manual.

### Warranty

All drive belts manufactured by JT Drive Belts® are guaranteed to be free of defects in material and workmanship. JT Drive Belts will repair or replace free of charge any pieces we recognise to be faulty. Said goods have to be returned free to our warehouse, packing and duties included. JT Drive Belts makes no other warranty of any kind, whether expressed or implied and do not take any responsibility upon eventual damages involved in the use of their products, even if defective.

JT Drive Belts brings decades of manufacturing experience to introduce a range of high quality CVT belts.

Using raw materials sourced from USA, Europe and Japan our compounds have been tried and tested for optimum performance.

JT Drive Belts now offer a complete aftermarket range of variable speed transmission (CVT) drive belts, featuring single or double cog designs dependant on application for an exact match to the OEM belt.

With large stocks always kept at the JT Distribution Centres in London, UK and Atlanta USA ready for immediate delivery and an international network of leading distributors, JT Drive Belts offers a premium quality product and a service that cannot be surpassed worldwide!
